

Table of Benefits

The following table of benefits sets out the cover provided by each plan type. The plan type you have is as shown on your certificate of insurance. We will pay only for the treatment or services stated in the table of benefits relating to your plan.

Each benefit limit in the table of benefits is expressed in US dollars.

The limits shown in the table of benefits are the maximum amounts we will pay after the application of any excess and co-insurance, and will be subject to the annual benefit limit and any other specified applicable benefit limits.

Certain benefits in the table of benefits specify a waiting

period. You must be covered by the same plan for the full duration of the specified waiting period before you can claim for that benefit. No benefit is payable for any treatment costs incurred during the waiting period.

Wherever the term 'Full cover' appears in the table of benefits, this means full refund of reasonable and customary charges, less any excess or co-insurance applicable to your plan, and subject to any limits that are specified anywhere else in the table of benefits for the type of treatment or care you receive.

Where there is a lifetime benefit limit, this is the maximum amount we will pay in respect of that particular benefit during your lifetime.

Certain benefits in the table of benefits are optional. You are only eligible for these benefits if you have selected them and they are stated on your Certificate of Insurance.

There are certain benefits in the table of benefits for which you must obtain pre-authorization. If you do not obtain pre-authorization we will only pay 80% of the reasonable and customary costs of treatment.

This table of benefits should be read in conjunction with your plan agreement.
